Curtis,  
Many thanks to the Southern Ute Tribe for making this information available. The tribe's data will certainly help improve the understanding of changes on the river related to the Gold King event.

Best,

Hi All,

We have set up an ftp site to share SUIT several data sets. In addition to what I sent out yesterday ,historical WQ data for the Animas from 2011-Current including a map to identify sample locations is now available. The site only contains water quality data. Historical macroinvertebrate and periphyton data are available upon request.

**Subject:** SUIT Water Quality Data re: Gold King Release

All,

Southern Ute Indian Tribe has prepared some initial data to assist in the Gold King Release effort.

Ive attached a number of data files and documents to this email.

- SUIT Gold King Release Monitoring Stations and Analytes- word doc of release SUIT response monitoring
- SUIT Continuous Data 07012015 to 08102015 xlx 30 min increment DO, pH, temp and conductivity from three locations within the reservation.
- 1508098 DRAFT EXCEL 11 Aug 15 1621 & 1508098 DRAFT 081115 1621 Lab data from Green Analytical for 8/8/2015: xls and pdf. This is the only analytical data I have back at this point. I will share more when received.

SUIT is prepared to share historical data and will send a link to an ftp site. The file is too large to email.

Thanks for everyone's help for the Animas.

Please contact me with any questions.

Curtis
